

# Cookie Policy

Cookies are small pieces of text used to store information on web browsers. Cookies are used to store and receive identifiers and other information on computers, phones and other devices. In this policy, we refer to all of these technologies as "cookies".

Cookies enable us to improve our service to you, estimate our audience size and usage patterns as well as recognise you when you return to our website. Cookies will be set when you visit Secur-It Integrated Services Ltd web pages.

By using our website, you agree to Secur-It Integrated Services Ltd's use of cookies. You can set your web browser to refuse cookies or to refuse third-party cookies, and you can remove cookies or remove third-party cookies through your web browser, but if you do this you may not be able to enjoy full use of our website and, you may not be able to take advantage of specific promotions we may run from time to time.

## *Why do we use cookies*

We use cookies to collect information to provide an enhanced experience for our customers and to provide our service to you.

This personal information is only used by us and is not shared with third parties. Cookies also help us understand what customers like to look at on our website; for example, we use cookies to count the number of visits to particular pages or how many customers complete a form. This information does not allow us to identify any specific customer but helps us to understand our customers' needs and improve our service to you.

## *What cookies are set when you visit Us*

The table below shows all of the cookies that might be set by us when you visit Secur-It Integrated Services Ltd web pages and why we use them.

| <b>Cookie Description</b> | <b>Purpose</b>  |
|---------------------------|---|
| SessionID                 | Enables us to maintain the state of your current browsing session as you move across pages on our website, including while you enquire. |

| Cookie Description | Purpose  |
|--------------------|--|
| Verification Token | Anti Forgery Token used to prevent Cross-site request forgery attacks. |

**MORE INFORMATION**

The following cookies are set by our third-party partner suppliers who provide the following services.

| Cookie Description | Purpose  |
|--------------------|--|
| Analytics          | <p>These cookies are used to collect information about how visitors use the Secur-It Integrated Services Ltd web pages, including the number of visitors, where they have come from, and the specific pages viewed during the current session. We use this information to compile reports, which help us to understand user behaviour on our website and how we might be able to improve our service. We collect information about whether you reached our website via one of our affiliates so that we can tailor your application experience.</p> <p>Secur-It Integrated Services Ltd web pages use Google Analytics, a web analytics service provided by Google Ireland Limited ("Google").</p> <p>Google uses cookies to help Google analyse how users use our website. The information generated by the cookies about your use of our website and your current IP address will be transmitted by your browser to and will be stored by Google on servers in the United States and other countries. Acting on Secur-It Integrated Services Ltd's behalf, Google will use this information to evaluate your use of our website, compiling reports on our website activity and providing us with other services relating to our website activity and internet usage.</p> <p>The IP address collected through Google will not be associated with any other data held by Google.</p> <p>As well as refusing or removing cookies through your web browser, you may also stop the transmission of information generated by the cookies</p> |
